Research articles should be **5,000 to 7,000 words** (including notes and references), although longer articles may be considered. Notes from the Field (1,500 to 4,000 words) should include works in progress or works pending funding. Book reviews should be 500 to 1,500 words, and reports on conferences and films should be 150 to 700 words.

COVER PAGE

The cover page should provide the title of the article, complete contact information for each author (mailing address, phone number and email), biographical data of approximately 100 words for each author including an [ORCID](#), a total word count, the number of tables and/or figures included and any acknowledgements. Affiliations and email addresses will be posted online for indexing/abstracting purposes.

FORMATTING

The document must be set at the US letter standard size. The entire document (including notes and references) should be double-spaced with 1-inch (2.5 cm) margins on all sides and no extra spaces between paragraphs. A 12-point standard font such as Times New Roman is required for all text, including headings, notes and references. Any unusual characters or diacritics should be flagged by placing the entire word in **red type**.

ABSTRACT/KEYWORDS

The article must include an abstract of **125 words** and **5 to 8 keywords**. The abstract should not duplicate the text verbatim but rather include the research question or puzzle, identify the data and give some indication of the findings. Keywords should be drawn from the content and not duplicate the article title, listed in alphabetical order and separated by commas; only proper nouns should be capitalised. The abstract, keywords and biographical note for French articles must be submitted in both French and English.

LICENSE/PERMISSIONS

Upon acceptance, authors are required to submit license agreements and all necessary permission letters for reprinting or modifying copyrighted materials, both textual and graphic. The author is fully responsible for obtaining all permissions and clearing any associated fees to reproduce copyrighted materials.

RESEARCH FUNDING

All research funding (often mentioned in the acknowledgments section) must not conflict with our embargo period outlined in the journal copyright transfer agreement. Prior to submission to Berghahn, authors need to establish the requirements of their funding, and if necessary pursue the gold OA option for their article.

ARTWORK

For optimal reproduction, **figures** or **photos** should be submitted as high-resolution JPGs or TIFFs (300 ppi), or as EPS files with all fonts embedded. All images should be at least 4 x 4 inches at the resolution indicated. **Tables** should be made and submitted in Microsoft Word or rtf. All figures and tables should be in separate files and numbered consecutively; only placement indicators and captions (with source/copyright information) should be included in the articles themselves. For more details, please see our [Artwork](#) submission webpage.

PROCESS FOR REFEREEING AND ACCEPTING ARTICLES

AME is a refereed journal. Submissions are considered on the understanding that the article is not under consideration for publication elsewhere. Articles are sent to at least two scholars with relevant experience and expertise. Referees are asked to advise the editors whether the article should be published and, if so, with what recommended changes. The editors respond to the author with their decision, a list of any changes needed for the article to be published and the anonymous referees' comments, or a summary thereof.

PUBLICATION

Manuscripts accepted for publication that do not conform to the style guide may be rejected or returned to the author for amendment. The editors also reserve the right to alter usage to conform to the style guide issued by the publisher. Authors cannot supply new materials or request major alterations following the copyediting stage, so please ensure that all text is final upon acceptance. Contributors of research articles will receive one free copy of the relevant issue and may purchase additional copies at a reduced price or purchase offprints.

Have other questions about submitting your manuscript? Please refer to Berghahn's [Resource pages](#) for additional information.

STYLE GUIDE

The *AME* style guide is based on the *New Oxford Style Manual* and *Hart's Rule* with some deviations for house preferences. Please note that the journal uses **UK punctuation and spelling** (including a preference for –ise over –ize endings), following *The Oxford English Dictionary*. Please follow the standard rules of the *Académie Française* for articles in French. Authors may refer to *Règles Typographiques*.

TRANSLITERATION

- We recommend the ALA-LC Romanisation Tables system for transliteration.
- All technical terms from languages using non-Roman alphabets (and with no acceptable Romanisation system) must be fully transliterated with diacritical marks clearly indicated.

CITATION SYSTEM

AME follows the in-text **author-date system**, with full documentation in the reference list. Any other notes should be **endnotes** (using Word's automatic endnote function) and kept short and to a minimum.
